

ASET Annual Conference 2010
The Placement and Employability Professionals' Conference
7-9 September 2010
Leicester University
Gilbert Murray Stamford Hall, Oadby Campus

'Enhancing the Student Experience through Work-Based and Placement Learning'

The 2010 Conference will feature a selection of sector research papers and a wide range of topics, delivered by individuals and teams from a range of UK and international institutions. Our focus this year is to seek to address the challenges of 'Enhancing the Student Experience through Work-Based and Placement Learning. Our keynote speaker to open the conference is Aaron Porter, President Elect of the National Union of Students. The NUS are one of the strongest voices in the sector for higher education offering the best possible experience for students, including activities which prepare them for life after graduation. The conference is participatory, allowing delegates to share experiences and learn from each other.

The Conference will also incorporate CPD updates on three topics:

- **Implications of the new Equality Act 2010**
- **Making use of technology to support students on work based and placement learning**
- **Taking a position on unpaid work placements**

This is a three-day conference with plenary speakers, workshop sessions and whole group discussions to develop knowledge in, and practice of, work-based and placement learning.

The ASET Conference facilitates the dissemination of the findings and recommendations of employability and work-based learning research, including a keynote presentation from Jane Artess, Director of Research at the Higher Education Career Services Unit.

A key feature of previous ASET conferences has also been the opportunity to hear about work at a broad range of institutions, about new initiatives and projects, and of good practice systems – this conference will continue this strong tradition.

Other features:

- Networking sessions
- Organised social activities
- Conference dinners
- En-suite rooms as standard
- Pre-conference accommodation available and advice provided on weekend stays
- Direct transport links from and London, Birmingham, Leeds, Manchester (and Manchester Airport), Oxford, major cities in Scotland and other destinations
