

2020 ASET Student Competition

Your Chance to win £400

Calling all students who have recently completed a placement – in person or virtually

These have been testing times for all, not least for those of you undertaking a Placement/Internship/ Work experience during the last academic year. Why not celebrate your achievement by sharing your experiences, in an inspirational way, to motivate those about to embark on their placement or internship?

Whether your Placement/Internship/Work experience was undertaken in the UK or overseas, remotely or in person, tell us about your experiences. What did you learn about yourself, your strengths, and how to adapt to change? What have you learnt about working with colleagues, perhaps face to face, and then remotely? Have your experiences shaped your plans for the future? **We are particularly interested to hear how you overcame adversity faced due to Covid-19.** The winning entry will receive a prize of **£400**, and there will also be two **Highly Commended awards of £100** each.

The competition is open for entries from **1st October 2020**. We are looking for short accounts (up to 900 words) which inform others about the value of work experience, clearly express the value of the learning, and do so in a lively and enthusiastic manner. This is an ideal opportunity to reflect on the impact your placement experience has had on your personal development, your future plans, and how it has related to your academic studies.
